RECORD OF EVENTS.

Marched from Murfreesboro
May 5th 1862 arrived by way of
Shelbyville to West Trace guarding
the train of wagons the re-
mains of the Regiment having
already come to West Trace.
Nothing of importance transpired
but we were continually hearing
reports of guerrillas being in the
neighborhood. When the
Company arrived at West Trace
we found our Regiment drawn
up in line of battle the cause
of which finally proved to be
a false alarm, such things
being of almost daily occur-
rence ever since our men have
been stationed at this point.
Marched from West Trace on
June 11th 1862 within seven

mile of Pikeville Tenn. having
been informed that the rebels were
there in great force, the roads being
very rough & dusty & water being
exceedingly scarce our men
suffered a great deal from
both hunger & thirst, having taken
only six days provision with
them which gave out the 4th day.
But the rebels again shrank back
on our approach and we returned
safe to our camp; but most of the
men are slightly ill, having
been compelled to eat beef with-
out salt and do without water.
In order to obtain food we
found some beef cattle, sheep
and &c the property of rebels
and confiscated them
to our benefit.

VOLUNTEERS.

Disch Feb 24/64

Entered on R.R.
NOTE 1.—Two of these certificates, duplicates, are to be given to each Volunteer Soldier or drafted man, who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, he describes his list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with statement to that effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other necessaries charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well upon the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, as duplicate, to the Second Auditor, Washington, D. C.

War Department,

Adjutant General's Office,

Washington, March 20th 1865.

Sir:

In reply to your letter requesting a Descriptive List of William S Adams, a Sergeant in Company B, 8th Regiment Kentucky Volunteers, I have the honor to furnish the following "Descriptive List" obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

William S Adams, a Sergeant in Company B, 8th Regiment of Kentucky Volunteers, is 25 years of age; but no further "description" can be obtained from the files of this Office. He was enrolled on the 24th day of Oct, 1861, at the town of Irving, Shelby County, in the State of Kentucky, by Abraham B Dixon, and mustered into the service of the United States on the 15th day of January, 1862, at the town of Shelbyville, in the State of Kentucky, by C. C. Gilbert, to serve for the period of 3 years, and "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Roll of the Company, B, to which he was transferred detachment November 17th 1864 that he was last paid by Paymaster Major Davis on the 28th day of July, 1862.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing; it must be obtained, if obtained at all, from his Company Commander.

REMARKS.

The same roll reports him as Present "Absent in Hospital at Nashville Tenn. was absent without leave since May 14 1862, to May 10 1864 reported under arrest."

Very respectfully,

Your obedient servant,

Samuel Dick

Assistant Adjutant General.

J. J. Hatchette Surg. U.S.A.
in charge U.S. Gen. Hospital

This "Partial Descriptive List" is given to order that the soldier may be discharged at once, without waiting for a descriptive list from his company commander; and, having been used by the proper officer to make out the soldier's final statement, should be returned with a statement to that effect by this office. This endorsement should contain a full statement of the time for which the soldier was allowed pay on his final statement, the clothing issued, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the company, who will make all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. The list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the muster roll of the next month, and the soldier receive any pay or allowance that may be due him at the time of his discharge, and which may not appear on the final statement from the last time the muster roll was reported or "partial."

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *4, 5, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1268 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, warts, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Col S. M. Barnes
Sir

I am constrained to tender my resignation as Second Lieutenant Company I Commanded by Capt William McDaniel from the following circumstances

I entered the service on the 13th day of September 1861 in good health sometime afterwards I took the Measles and when in a state of convalescence I caught a severe cold which fastened on my lungs and after a lapse of time has become I fear a permanent affection rendering me unfit for service which I deeply regret not only from personal consideration but from the fact that I am compelled to leave the service at a time when I probably might be of service to my Country

I have received forty five dollars pay I have had no government property or money in my possession I have therefore served four and one half months and been paid as before stated thus my account

Stands with the government
This you will please forward to
The proper authority

Yours respectfully

Dr. Sir

I am instructed by the
Colonel Commanding to forward to you for accep-
tance and approval the Resignation of Thomas
Amis 2nd Lieut of Company I. Capt. William Mc-
Daniel, which Resignation he thinks ought to
be accepted and if accepted he asks that it
be forwarded to the proper Department. I am
also directed to say to you that there is some
difficulty to select a person out of the company
who is capable of filling the vacancy and who
ought to be recommended. Does the vacancy
have to be filled by a number of the same com-
pany in which the vacancy occurs? Can a person
who holds orderly sergeant's place in another
Regiment be appointed? Or rather can he be
transferred for that purpose? Information on
this subject will be gladly received.

I am very Respectfully

Your Obedt Servt

sick with typhoid fever for eight weeks, and is now
convalescent, but very much reduced. It is my opinion
that said Arnold will be unfit for duty for four or five

have the comforts of home and the attention of his mother.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{3}{4}$, &c., &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward these copies to the regimental detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge is vested, who may be specially designated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

I have for
a considerable time past laboured under
a disease of the kidneys & skin, also Rheumatism
all of which together, give me considerable
trouble & really unfit me for ~~service~~ and
especially for active duty, I have however been
with my Command & laboured faithfully
since I entered the service (Sept 6th 1861)
and regret now to say to you that absence
from my Command & the service is essentially
necessary to the recovery of my health & future
service. I earnestly desire to continue in the
service of my Government if possible.

I therefore most respectfully ask that
leave of absence be granted me from
duty for the period of thirty days.

I have a Competent Lieut Col & Major
present to conduct matters connected with
my Regiment & Command etc. I herewith
refer to Surgeons Certificate as Evidence
in support of my Case.

Col. L. M. Barnes of the 8th Regt. N.Y. 10th
Infantry having applied for a certificate on
which to ground an application for leave of
absence. I do hereby certify that I have carefully
examined this officer and find him laboring
under disease of the kidney to a very serious
extent (Nephritis) under which he has labored
for the past 3 months. Also a cutaneous
disease (~~cutaneous~~) which renders him
unfit for duty. Also Acute Rheumatism.
I further declare my belief that he will not
be able to resume his duties in a less
period than thirty days, and that a
leave of absence is necessary to prevent
the occurrence of chronic disease and
permanent injury to his health.

I regret
that necessity compels me to ask for
an immediate leave of absence for
the period of fifteen days to go to the State
of Kentucky to attend to indispensable
business. Which no person can attend
to but myself & without which leave
and attention to the business herein
after named I will sustain great
and irreparable loss & by which
loss if sustained I will together with
my family be reduced to poverty &
want. The reasons for the leave are
as follows, to wit, When I entered
the service of the Government I was
greatly embarrassed pecuniarily & was able
to embarrass my Government. Called
on me to assist in raising troops in
Kentucky on 26th Aug 1861 without

honorably I complied with the call
it raised at my own House in Estill
County Ky Twelve Companies of men
all of whom are in the service, I
have laboured continuously for my
Government ever since, & have had
nothing to attend to my private or
legal business being a lawyer by profes-
sion) I confided my private business
to my only brother Thomas H. Baucus
of Madison County Ky and my legal
business to an attorney by the name
of Riddell a resident of Estill County
my business both private & professional
was very important & heavy, my
brother attended to my private business
& overlooked my professional business
had charge of my finances until
24th day of January 1863 after a very
brief & unexpected illness suddenly
died without leaving any memorial
or record of my business or explaining
it in any manner or even explaining
his own he had sent for my wife but
she did not reach his house until
after his death his own wife was sick
at the time of his sickness & death &
she did not have any chance to

all or communicate with him being
dangerously ill himself he had no child
old enough to understand business and
he did not explain to others - He & I
were intimately connected in business &
he alone understood my affairs. Since
I entered the service a decessionist
having obtained a judgement in Court
against me levied on & sold my
farm whereon my wife & children
reside this he did contrary to a promise
made to my brother for me & the time
to redeem my lands will expire on
the 14th day of this present month
& if I fail to redeem my lands he will
for about one thousand dollars
get most impudently a tract of land
worth twelve thousand dollars, &
thereby ruin me - with the leave asked
I can alone prevent it, my brother
agreed to redeem the lands for me and
I furnished him the greater part of the
means to redeem, but he made deposit
in his own name, no administration has
been granted on his Estate & the Bank at
Richmond Kentucky where the money
is, will not pay any part of it before
administration, & then only by order
from the administrator of my brother

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. l.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Per 1860 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, phthisis, ulcers, or any obscure disease liable to be faked or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DISPOSITION.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them, one to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, are that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient medical examination to detect any attempt at deception.

DIRECTIONS

This certificate will be made out in duplicate for the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge: and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the notice of the highest authority to which they are required to be sent, will be returned through the same channel, to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Colonel

I most respectfully tender
my resignation as 2nd Lt of Co. B^d 8th Reg^t N.Y. Vol Inf
for the following reasons viz

I have a wife and five
children who are in a helpless condition and have
no relations upon which they can depend for assistance

I would not now ask that
my resignation be accepted if I thought my services
were really needed with the company. My company has
but about 33 men for duty and my captain is
in command and I cannot see that I can be of
any real service to my country in the position I
now occupy. Therefore I ask that my resignation be
accepted.

I am not indebted to the United States

I have no Government property in my hands

I have not been absent without leave

I was last paid to include the 30th of June 1863
I have no charges against me which can affect my pay
I am very respectfully
